

NFCC Digital, Data and Technology Awards 2024

For 2024, we will be hosting the first NFCC DDaT Awards which recognise and celebrate the achievements of DDaT activity in fire and rescue services.

The presentation of the awards will take place during the networking dinner on the 19th June of the NFCC DDaT conference, taking place 19th -21st June 2024, where winners will be announced on the night. By nominating an individual or team, you will be supporting their skills, dedication and commitment whilst also helping to raise the profile of prevention and protection work.

Make sure you [register your attendance](#) for the conference to be part of the night.

For all awards, the nomination should be relevant to activities which took place in the period since April 2023.

What are the categories?

These award categories are open to all DDaT colleagues

Inspirational Leader Award

The Inspirational Leader Award will be presented to an individual who has shown great contribution to the work of digital, data and technology. They are a committed individual who goes the extra mile to advocate and enable the development of DDaT activity. They have made a significant impact to national DDaT work to support the continual improvement of fire and rescue services. As a leader, they are hardworking and dedicated to all areas of DDaT in fire and rescue.

Outstanding Practitioner Award

The Outstanding Practitioner Award will be presented to an individual who has shown great contribution to the work of digital, data and technology. They are a committed individual who goes the extra mile to enable DDaT activity. They have made a significant impact to the work of their service and have shown flexibility, skill, and professionalism in their approach. As a team player, they are a role model for others and nurture the development of those around them.

Excellence in Data Award

The Excellence in Data Award will be presented to a team that can demonstrate evidence of a piece of data-focused work which has made a tangible difference to the functioning of their fire and rescue service. The work should be something which addresses a challenge that is common to fire and rescue services, or which could be adapted to meet the needs of other services.

Excellence in Digital Award

The Excellence in Digital Award will be presented to a team that can demonstrate evidence of a piece of digital transformation work which has made a tangible difference to the functioning of their fire and rescue service. The work should be

something which addresses a challenge that is common to fire and rescue services, or which could be adapted to meet the needs of other services.

Excellence in Cyber Award

The Excellence in Cyber Award will be presented to a team that can demonstrate evidence of a piece of cyber-focused work which has made a tangible difference to the functioning of their fire and rescue service. The work should be something which addresses a challenge that is common to fire and rescue services, or which could be adapted to meet the needs of other services.

How to nominate?

Nominate by clicking this link: <https://www.smartsurvey.co.uk/s/NFCC-Digital-Data-and-Technology-Awards-2024/>

1. Choose the category or categories for which you want to nominate the individual or team. If you are entering more than one category, please make a separate entry for each category.
2. Write an account of no more than 500 words saying why the individual or team should be considered.
3. Fill in this survey by the end of the day on **Monday 3rd June 2024**

Rules for entry

- The awards are open to anyone working in a fire and rescue service or externally within other organisations that have championed the promotion of DDaT within the FRS sector.
- All entries are treated confidentially.
- Entries will be judged by a panel.
- Entries are online only.
- To attend the Awards Ceremony, you need to book a place at the NFCC Digital, Data and Technology Conference and dinner.
